Dear Doctor Lederberg:

Your most kind and helpful letter arrived this morning and I appreciate your kindness and generosity. Before I accept your offer of the loan of your personal copy of "Problems in Microbial Genetics" it will be best to see if I cannot purchase the number of Heredity in which it appeared. In the event that the publishers cannot supply that issue or it does not arrive in time for my use, I will avail myself of your most kind offer.

In all probability, I would be better off if I confined myself to Dr. Luria's excellent review, but I feel compelled to rush where the angels etc.

Thank you again for your kindness.

Sincerely,

*John Hays Bailey*
